The key that unlocks the gross sales potential of your e-book is to find a single sentence that turns into your selling handle. This sentence states what question or problem your guide answers and the advantages your e book can provide. Then make sure to use that sentence in each piece of sales

and promotional material, and each time anyone asks you about your ebook.

Moreover selling your books assiduously on-line, there are a number of other methods that may enable you to promote more books.

An efficient technique for determining a worth is to send out a survey to your current customers. If these clients have already bought an e book from you, ask for his or her opinion by way of price. Do that by making a gross sales web page for the new guide, but do not embody a value on that page. One other technique is to check out costs by creating a number of duplicate sales pages with completely different costs on every page. Ensure that your sales copy is strictly the identical on every web page, and contains your promoting-handle sentence. Then figure out for every page the conversion ratio between guests to your web site and sales of your book. It will let you know what your optimum worth is.

Finally, if you happen to've written a e-book that solves a problem or presents a brand new approach, your guide will bring in both visitors and profits.
