An efficient technique for figuring out a value is to send out a survey to your present customers. If these clients have already purchased an e book from you, ask for his or her opinion by way of price. Do this by creating a sales page for the brand new guide, but don't embrace a worth on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to test out costs by creating a number of duplicate sales pages with completely different prices on every page. Make sure that your gross sales copy is exactly the same on every web page, and includes your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum worth is.

In the end, if you've written a guide that solves a problem or presents a brand new approach, your guide will herald each site visitors and profits.
