An efficient method for figuring out a value is to ship out a survey to your present customers. If these customers have already bought an e-book from you, ask for their opinion by way of price. Do this by creating a gross sales web page for the brand new e-book, but don't embrace a worth on that page. As an alternative, add various links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out costs by creating a number of duplicate sales pages with different prices on each page. Be sure your gross sales copy is exactly the identical on every web page, and

includes your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your web site and gross sales of your book. This can let you know what your optimum value is.
