An efficient method for figuring out a value is to ship out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion when it comes to price. Do that by making a gross sales page for the brand new guide, but don't embrace a worth on that page. As an alternative, add a number of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out prices by creating a number of duplicate sales pages with different costs on every page. Be sure your gross sales copy is strictly the same on every web page,

and includes your selling-deal with sentence. Then figure out for each page the conversion ratio between guests to your web site and sales of your book. This will inform you what your optimum worth is.

Ultimately, for those who've written a guide that solves a downside or presents a brand new technique, your ebook will herald each site visitors and profits.
