An effective approach for figuring out a worth is to send out a survey to your current customers. If these prospects have already bought an e book from you, ask for their opinion by way of price. Do that by making a sales web page for the new ebook, but don't embrace a price on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out costs by creating a variety of duplicate gross sales pages with totally different prices on every page. Be sure that your sales copy is exactly the same on every page, and consists of your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your site and sales of your book. This will let you know what your optimum price is.

Ultimately, if you happen to've written a book that solves a drawback or presents a new method, your e book will bring in each site visitors and profits.
