An effective approach for determining a worth is to send out a survey to your current customers. If these clients have already bought an ebook from you, ask for their opinion when it comes to price. Do that by making a gross sales page for the new book, but do not embrace a worth on that page. As a substitute, add numerous links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out costs by creating a variety of duplicate gross sales pages with different costs on each page. Ensure that your gross sales copy is precisely the similar on each page, and includes your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your site and gross sales of your book. This may inform you what your optimum price is.

In the end, in case you've written a ebook that solves a downside or presents a new approach, your book will usher in each traffic and profits.
