In addition to selling your books assiduously online, there are a number of other methods that can help you sell more books.

One is to offer something away without spending a dime along with your ebook, similar to a invaluable bonus item. Or bundle a number of ebooks beneath one price, which lowers the worth for each ebook in the event that they have been offered separately.

An effective method for figuring out a price is to send out a survey to your present customers. If these customers have already purchased an e book from you, ask for their opinion when it comes to

price. Do that by making a gross sales web page for the brand new e-book, but don't embody a worth on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out prices by creating a number of duplicate sales pages with different costs on every page. Ensure that your gross sales copy is strictly the similar on every web page, and contains your promoting-handle sentence. Then determine for each web page the conversion ratio between guests to your site and sales of your book. This will inform you what your optimum worth is.

In the end, if you've written a guide that solves a problem or presents a brand new technique, your guide will bring in both site visitors and profits. So be sure to write that selling-handle sentence that sums up what downside your book solves and what the advantages of your 2305 guide will probably be to the purchasers who purchase it.
