Do this by creating a sales web page for the new e book, however don't embody a worth on that page. Instead, add plenty of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to test out costs by creating a number of duplicate sales pages with completely different prices on each page. Make sure that your gross sales copy is strictly the similar on every web page, and contains your selling-deal with sentence. Then work out for each web page the conversion ratio between guests to your site and sales of your book. This will inform you what your optimum value is.

Finally, if you happen to've written a ebook that solves a downside or presents a new approach, your ebook will usher in both site visitors and profits.
