Then be sure to use that sentence in each piece of gross sales and promotional material, and each time anyone asks you about your ebook.

Besides promoting your books assiduously on-line, there are a number of different strategies that can make it easier to promote extra books.

One is to provide something away at no cost along with your book, resembling a priceless bonus item. Or bundle a number of ebooks below one price, which lowers the worth for each ebook if they have been offered separately.

An efficient approach for figuring out a price is to send out a survey to your present customers. If

these clients have already purchased an e book from you, ask for their opinion by way of price. Do this by creating a gross sales web page for the new guide, but don't embody a price on that page. As a substitute, add numerous links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to check out prices by making a variety of duplicate sales pages with different prices on each page. Make certain your sales copy is strictly the similar on every web page, and contains your selling-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your site and gross sales of your book. It will tell you what your optimum price is.

Finally, for those who've written a book that solves a problem or presents a new approach, your ebook will herald both traffic and profits. So make sure you write that selling-handle sentence that sums up what problem your e book solves and what the benefits of your 270 e book shall be to the shoppers who buy it.
