An effective approach for determining a price is to ship out a survey to your present customers. If these clients have already purchased an e book from you, ask for their opinion by way of price. Do this by making a sales page for the new book, but don't include a value on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out costs by creating a variety of duplicate sales pages with different prices on each page. Make sure your sales copy is strictly the same on every web page, and consists of your selling-deal with sentence. Then work out for every page the conversion ratio between visitors to your site and sales of your book. It will let you know what your optimum price is.
