Marketing Strategies

The key that unlocks the sales potential of your e-book is to discover a single sentence that becomes your selling handle. This sentence states what question or downside your ebook answers and the benefits your e-book can provide. Then make sure to use that sentence in each piece of sales and

promotional materials, and every time anyone asks you about your ebook.

Apart from promoting your books assiduously online, there are several other methods that may enable you to sell extra books.

One is to offer one thing away at no cost with your guide, akin to a priceless bonus item. Or bundle a number of ebooks under one worth, which lowers the worth for each e book if they were sold separately.

An effective approach for determining a worth is to ship out a survey to your current customers. If these customers have already bought an ebook from you, ask for his or her opinion in terms of price. Do that by creating a sales page for the new e-book, but do not embrace a value on that page. As an alternative, add various links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to test out prices by creating a number of duplicate sales pages with totally different prices on every page. Be certain your gross sales copy is exactly the similar on every page, and contains your promoting-handle sentence. Then determine for each web page the conversion ratio between guests to your web site and gross sales of your book. This can let you know what your optimum worth is.

Ultimately, should you've written a ebook that solves a problem or presents a new approach, your e-book will herald both traffic and profits.
