An efficient method for figuring out a price is to ship out a survey to your present customers. If these clients have already bought an book from you, ask for their opinion in terms of price. Do this by making a sales page for the brand new e-book, but don't embrace a price on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to check out prices by making a variety of duplicate sales pages with different prices on each page. Be certain that your sales copy is strictly the identical on each web

page, and consists of your promoting-deal with sentence. Then determine for every page the conversion ratio between guests to your website and sales of your book. This will let you know what your optimum worth is.

In the end, when you've written a ebook that solves a problem or presents a brand new approach, your book will bring in both site visitors and profits. So make sure you write that promoting-handle sentence that sums up what drawback your book solves and what the benefits of your 533 guide will probably be to the customers who buy it.
