An effective approach for determining a worth is to ship out a survey to your present customers. If these customers have already purchased an e book from you, ask for his or her opinion when it comes to price. Do that by creating a sales page for the new e-book, but don't embrace a price on that page. As a substitute, add a number of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other strategy is to check out costs by creating a number of duplicate gross sales pages with completely different costs on each page. Make sure that your sales copy is exactly the same on every

page, and includes your promoting-deal with sentence. Then work out for every page the conversion ratio between guests to your website and sales of your book. This may inform you what your optimum price is.

Ultimately, if you happen to've written a book that solves a downside or presents a new approach, your ebook will usher in both visitors and profits. So remember to write that promoting-handle sentence that sums up what problem your e-book solves and what the advantages of your 54 e-book shall be to the purchasers who purchase it.
