One other technique is to check out prices by making a variety of duplicate sales pages with totally different costs on each page. Make sure that your sales copy is strictly the identical on every

page, and contains your promoting-deal with sentence. Then figure out for every page the conversion ratio between visitors to your web site and gross sales of your book. This can tell you what your optimum worth is.

In the end, for those who've written a guide that solves a downside or presents a new approach, your e-book will bring in each site visitors and profits.
