An effective method for figuring out a worth is to ship out a survey to your current customers. If these customers have already purchased an e-book from you, ask for his or her opinion in terms of price. Do that by making a gross sales web page for the brand new book, but do not embrace a value on that page. Instead, add various links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out prices by making a number of duplicate gross sales pages with different prices on each page. Make sure your sales copy is precisely the same on each page, and

contains your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your web site and gross sales of your book. This may tell you what your optimum value is.

Ultimately, should you've written a guide that solves a problem or presents a brand new method, your guide will usher in each traffic and profits. So you should definitely write that selling-deal with sentence that sums up what drawback your ebook solves and what the advantages of your 930 e book will probably be to the shoppers who buy it.
