Moreover promoting your books assiduously on-line, there are a number of other strategies that can show you how to promote more books.

One is to give one thing away free of charge with your book, comparable to a valuable bonus item. Or bundle a number of ebooks under one worth, which lowers the value for every e-book in the event that they had been bought separately.

An efficient method for determining a price is to send out a survey to your current customers. If these clients have already bought an e book from you, ask for his or her opinion in terms of price. Do this by creating a sales page for the new ebook, however do not embrace a value on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out costs by making a number of duplicate gross sales pages with totally different prices on each page. Make certain your gross sales copy is strictly the same on each web

page, and includes your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your site and gross sales of your book. It will inform you what your optimum value is.

Ultimately, in case you've written a ebook that solves a downside or presents a new method, your book will usher in both visitors and profits. So remember to write that promoting-handle sentence that sums up what problem your e-book solves and what the benefits of your 968 e-book will likely be to the shoppers who buy it.
